## Secure Lifetime GUL 3

### Chronic Illness Rider — Going On and OFF Claim with Accelerated Access Solution®

“Chronic” conditions no longer need to be considered “life-long” in order to be eligible.

Plus...Going On and OFF claim is made easy with Accelerated Access Solution®

#### **PROBLEM: Non-permanent chronic illness expenses**

Let’s look at a hypothetical example. Luke is 55 years old and needs to provide life insurance for his family. He purchases a \$500,000 Secure Lifetime GUL 3 guaranteed universal life policy and elects an additional level of protection with a chronic illness rider - Accelerated Access Solution.

Luke has choices to help him customize Accelerated Access Solution:

1. Monthly benefit payout options of 2%, 4% and an IRS per diem benefit that is annually adjusted for inflation.
2. The benefit can be elected anywhere from 50% of the death benefit all the way up to 100%.

Luke chooses the 2% monthly payout option on 100% of the death benefit.

Five years later, at age 60, Luke suffers the unexpected reality of a stroke. While it is severe, it appears that his chances of recovery are good. His wife remembers the flexibility of their life insurance policy and thinks it might pay for medical expenses related to his current condition.

#### **SOLUTION: Funding expenses with payouts from chronic illness rider benefits**

Luke’s family consults with their financial adviser. They are reminded that the policy includes Accelerated Access Solution, **which does not require a chronic illness to be a life-long condition for eligibility.**

Since Luke is unable to perform, without substantial assistance from another person, at least two of the Activities of Daily Living (ADLs) he will qualify for the following: (see pg. 2 chart for details)

1. Payment of \$10,000 per month in chronic illness benefits, which are designed to be received income-tax-free.<sup>1</sup>
2. Continuing life insurance benefits reduced by the chronic illness benefits paid.
3. At death, any remaining life insurance benefit will be paid to Luke’s beneficiaries income-tax-free.<sup>1</sup>

The family is relieved that this financial weight will be lifted off their shoulders.

Thankfully, due to improved health, Luke is able to come off claim 2 years later at the age of 62. His guarantees remain intact, there is no catch-up premium and there is a prorata reduction and recalculation of premium on the remaining death benefit.
